# NH CONSTRUCTION CAREER DAYS

**Can you help?**

**This will be a very rewarding experience!**

**New Hampshire Construction Career Days** will be held on September 26th and 27th at the Hillsborough County 4-H Youth Center, New Boston, NH from 8:00 am to 1:00 pm.

This very important work force development program exposes New Hampshire high school students to possible career paths in both the construction and transportation industries through hands-on exhibits and education resources. Labor unions, construction companies, school districts, state agencies, trade and professional organizations collaborate to provide the students with an introduction to various aspects of construction.

NHHBA is a sponsor of the program and will have a table and activities for students at the event. 4-5 volunteers are needed to represent the Association, coordinate the activities and interact with students.

Exhibitors must be signed in and in place by 7:30 am and shall remain intact until 1:30 pm.

Please contact Sharon to sign up. Tel: 603-228-0351.

## The NH State Building & Fire Codes Are Being Updated September 2019\*

In July of 2019, Governor Sununu signed into law House Bill 562, which updates the NH State Building Code (RSA 155-A) to the 2015 editions.

The New Hampshire Building Officials Association is a proponent of equal and fair administration of all codes in New Hampshire and we firmly support a statewide uniform building code. We also understand and appreciate that updating of codes can bring challenges that may affect projects in your communities, especially those that may take many months to finalize. The following code updates are scheduled to go into effect by September 15, 2019.
