## Many Thanks To Ferguson For Hosting!

On Wednesday, September 11th we met at the beautiful Ferguson Showroom in Portsmouth. A moment of silence was taken to remember the victims of 9/11, followed by the Pledge of Allegiance.

We saw many new faces there, some old friends and made some new connections with our Seacoast area members.

Everyone had an opportunity to NETWORK and browse the Ferguson showroom that featured beautiful lighting and plumbing fixtures, appliances, bath and kitchen cabinetry a TRUE "one stop shop"!

For those of you unable to attend the event, feel free to contact Angela Turini for a personal tour next time you're in the area!

**Many thanks to Ferguson for their hospitality!!**

Lynette Rogers-SNHHBRA past president w/Danielle Webb-Invictus Spray Foam the LUCKY winner of a \$100.00 gift card!

# MEMBER SPOTLIGHT

**Paul Muckerheide**, the owner of **Granite State HydroShield, LLC**, will be celebrating his 4th year in business at the 2020 New Hampshire State Home Show March 8th through 10th at the Doubletree- Downtown Manchester. This is a huge milestone for Paul and his amazing wife Cheryl. Granite State HydroShield is the New Hampshire licensed HydroShield service dealer.

Their innovative surface protection transforms hard to clean surfaces in the home into easy to clean, low maintenance surfaces. Once applied, HydroShield makes the surface act like non-stick cookware. Simply wipe clean with water or an eco-friendly cleaner. HydroShield is the ultimate in surface protection for the home.

Protecting the most vulnerable of surfaces in the home such as countertops, shower glass, grout lines and shower wall tile, HydroShield gives homeowners peace of mind that not only will their surfaces be easier to clean but are also guaranteed to stay looking new. Every application is tracked and locally backed by a True Service Warranty here in New Hampshire.

Through eliminating the need to use harsh toxic cleaners, Granite State HydroShield is creating

healthier homes for a greener, sustainable future. According to a February 19, 2018, Fortune Magazine article, "A 20-year longitudinal study conducted by scientists at the University of Bergen in Norway has found that using cleaning products can be as harmful as smoking 20 cigarettes a day." Not only can these cleaning chemicals be harmful to your health, they also adversely affect wildlife as they are poured into our water system, often ending up in rivers and streams.

HydroShield loves to partner with New Hampshire's great builders! They provide an additional way to enhance a builders business through an improved client experience and provide a single point of contact for surface protection, customer service, and warranty support.
