Travis Terry the Annual SNHHBRA Charity Golf committee chair presented Lynette Rogers of Hammers

for Veterans with a donation check from the June 12th tournament that was held at Windham Country Club.

More about Hammers for Veterans:

The goal of the Hammers for Veterans Auction is to raise funds that will be used in providing professional construction related services to eligible New Hampshire veterans and their families.

The need for renovation of existing residences to accommodate their disabilities is great. A wheelchair ramp, a remodeled bathroom, or the widening of doors removes barriers that are in place and impact the quality of life for our veterans.

In addition, armed services personnel who are deployed overseas often leave spouses and families at home to fend for themselves. If repair work needs to be done at the existing residence there often is a lack of resources and expertise to accomplish it.

THANK YOU EAST COAST LUMBER!

On Wednesday, September 13th our membership and friends gathered in the beautiful 2nd floor kitchen and bath showroom at **East Coast Lumber** in Hampstead, NH. Members had an opportunity to “reconnect” after taking a summer break!

The dinner buffet was delicious and the showroom was the perfect spot to network while taking in all the great counter and cabinet selections they offer! If you haven't been there it's definitely worth the trip!

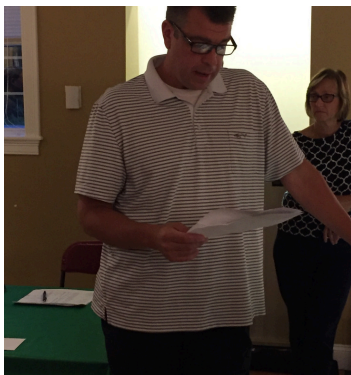

East Coast Lumber is a “VALUED SPONSOR” of SNHHBRA,

We thank them for their hospitality this month & continued support of our HBA!

Congratulations to our “Outstanding Members”

Each year our board of directors selects two members who go over and above in their service to our local association (SNHHBRA).

2017 SNHHBRA Builder Member of the Year

Lynette Rogers owns and operates Homeschools of New England an exterior remodeling company and has been a member since 2011. She has served on various SNHHBRA committees including Golf and Silent Auction and as its committee chair multiple times. Lynette has served on our board of directors for many years as well as president of the local for two years. This past spring she was elected president of our state association-NHHBA, she is also a key player in Hammers for Veterans.

2017 SNHHBRA Associate Member of the Year

Travis Terry owns and operates a very successful CPA firm, Travis Terry & CO, in Salem. He has been a member of our association since 2009; he has served on our board of directors for many years and currently serves as Treasurer. He has recently taken on the position of Golf Tournament committee chair.

Volunteering at your local association is a great way to network and form long lasting business relationships! If you'd like to join a committee contact Lisa at info@snhhbra.com.

The key to success in our organization is attending meetings and connecting with other business professionals

In Wake of Harvey, NAHB Urges Action on Lumber Supply

August 30, 2017

NAHB Chair Granger MacDonald today issued the following statement on Hurricane Harvey and its potential effects on lumber prices as Gulf Coast residents prepare to rebuild after the catastrophic storm.

“Our thoughts and prayers are with the people of my great state of Texas and our friends in Louisiana as they suffer through the extreme flooding and other damage caused by Hurricane Harvey. Yet even as they cope with the immediate effects of the disaster, many are already looking to the future and the long rebuilding process ahead.

“In the aftermath of the devastating storm, demand for softwood lumber is expected to increase dramatically as home builders and remodelers repair and replace housing in Houston and across Texas. This crisis makes it more important than ever that the United States quickly achieve a lasting trade

agreement regarding U.S. imports of Canadian softwood lumber.

“NAHB applauds Commerce Secretary Wilbur Ross’ decision to postpone application of duties on Canadian softwood lumber. The delay will give the parties time to seek a negotiated solution. This is important because tariffs — basically just a tax on consumers — will be felt most harshly by families trying to rebuild. And lumber prices will rise even more as flooding in Texas and Louisiana constrains timber harvests there.

“We need a more permanent solution. That’s why we’re calling on Interior Secretary Ryan Zinke and Agriculture Secretary Sonny Perdue to work collaboratively to open more public lands for domestic timber production. This is the most straightforward way to diminish reliance on imported lumber and to meet demand as Texas and Louisiana look to rebuild.”
